DETAILED ACTION

1. Claims 1-12, 25-53, and 68-84 are pending in the present application.

Allowable Subject Matter

2. Claims 1-12, 25-53, and 68-84 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed in the Appeal Brief August 26, 2004 overcomes the rejections cited under 35 USC 112. The prior art of record fails to teach the limitations of independent claims 1, 25, 40 and 68. Regarding independent claims 1 and 40, the prior art of record fails to teach converting the printing data in the print queue into a plurality of viewable files by capturing the printing data from the print queue and not by producing or scanning hard copies of the print data, each viewable file representing one of the pages of the document and preserving the printed format as claimed. Regarding independent claims 25 and 68, the following limitation is not disclosed a plurality of viewable files, each viewable file generated from data stored in a print queue, said each viewable file representing one of the pages of the document and preserving a printed format of said one of the pages and a capturing device as claimed.

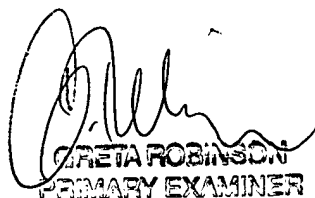

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
